

Summer School in Bukhara 2010 – “Teaching via research”

Trainers:

Prof. Gabriele Mentges

Dr. Sigrid Dany

Dr. Lola Shamukhitdinova

15 participants from

Tashkent Institute for Textile and Apparel Industry (TITLI)

Andijan Engineer-Economical Institute

Bukhara Technological Institute of Food and Light Industry

Uzbek National Institute of Art named after K. Bekhzod

The aim was to create a learning environment for participants in which they can have an experience of and experiment with university teaching methods via research.

Furthermore, the aim was that the participants develop and use learning materials of summer school in such a way that they become an integrated part of Uzbek university teaching practice.

Methods:

- Discussion (Group discussion, moderation)
- Student-teacher interaction
- Teamwork (interdisciplinary group)
- Portfolio
- Excursion (learn to look, learn to observe)
- Simple methods of feedback
- Role plays
